

Dr. Jack Penhall Awarded the 2011 Alan J. Davis SCADA Achievement Award

Dr. Jack Penhall received the Alan J. Davis SCADA Achievement Award during the DENTSPLY hosted Awards Program conducted during the 152nd American Dental Association Annual Session in Las Vegas, Nevada.

For 43 years, the Alan J. Davis SCADA Achievement Award, a prestigious dental honor named in honor of SCADA's first Corresponding Secretary, has been awarded for outstanding service to the dental profession, or to SCADA itself.

Dr. Penhall has been in private practice for many years, and has served as an officer and President of SCADA. Following his service on SCADA's Board of Directors, he continued to remain actively involved with SCADA, serving as a Judge and more recently as the Co-Chairman of the Judges for this year's SCADA program. He has remained an ambassador for SCADA throughout his career and his efforts to help achieve SCADA's mission continue today.

Congratulations, Dr. Penhall.
