

## **Dr. Phillip Campbell named Chair of the Department of Orthodontics**

Dr. Phillip Campbell, an Alan J. Davis/SCADA Achievement Award recipient from 1990 and 2004, was named Chair of the Department of Orthodontics at Baylor College of Dentistry in March 2010.

Dr. Campbell was featured in three 2009 publications in *The Angle Orthodontist*, and other publications are currently in the press. Dr. Campbell's main interest is prevention of decalcification/white spot lesions in orthodontic patients utilizing filled resin sealants.
