

Southern Illinois University – Krista Weimerskirch

Southern Illinois University School of Dental Medicine held a joint Table Clinic Program and Research Activity Day on April 13, 2010. The day offered eleven table clinic presentations and a presentation by guest speaker, Dr. N. Sue Seale, DDS, MSD, Regents Professor, Department of Pediatric Dentistry, Baylor College of Dentistry, Texas A&M Health Science Center in Dallas, Texas.

Second year dental student, Krista Weimerskirch, won overall winner with her clinic entitled, "Biofilm quantification of different strains of *S. mutans* under various growth conditions."

Ms. Weimerskirch will represent the school at the annual ADA/Dentsply Student Clinician Program in Orlando, FL in October, and present her research at the Illinois State Dental Society and Chicago Dental Society meetings.

DENTSPLY Key Account Manager, Grant Bearbower and Krista Weimerskirch
