

## University of Connecticut – Jennifer Merry

Medical and Dental Student Scientific Research Day took place on February 22, 2010 at the University of Connecticut Health Center. A total of 28 students presented their work this year. The keynote address, "Making it Count Twice: Adding Scholarship to Your Clinical and Teaching Work", was presented by Dr. Paul Haidet, Pennsylvania State University College of Medicine.

Pictured is DENTSPLY representative, Mr. Joel Monteiro with second year dental student Jennifer Merry. Ms. Merry is the winner of the ADA/DENTSPLY Student Clinician Award for her poster presentation "Strain-Hardening of Polyphenylene Orthodontic Wires". Dr. A. Jon Goldberg, Department of Reconstructive Sciences, served as her research sponsor.
